SUNFLOWER
A U C T I O N

We are privileged to sell at auction today the third-generation doll collection of Mrs. Kathy Tvrđik of Topeka, KS. Kathy has collected dolls for most of her life, and several of these dolls were passed down to her from her mother and grandmother. Kathy began designing and making cloth dolls in the 1970s. She began selling dolls at doll shows in the 1980s. It was at a doll show in Topeka, KS where she first met Patricia Smith, a noted doll authority and author of numerous Doll Value Guides. They became close friends with Pat tutoring Kathy on doll identification and appraising. Many of the dolls in today's auction appear in Pat Smith's books. Kathy has conducted doll appraisals and seminars for various civic organizations throughout the Midwest and has worked as a journalist for several different antique publications over the years. Kathy learned to restore and repair dolls and has even written a book on the subject. The collection was previously on display at Don and Kathy's home in Topeka where numerous visitors toured the collection over the years. Most of the dolls are in excellent condition and they have all been carefully examined, with any damage noted in the catalog. We hope you enjoy the auction.
